IN AN EMERGENCY DIAL OR CALL THE OPERATOR AND SAY—

I want to report a FIRE. I want a POLICEMAN. I want the COAST GUARD. I want an AMBULANCE.

IF YOU CAN'T STAY AT THE TELEPHONE, TELL THE OPERATOR WHERE HELP IS NEEDED

FBI----------RE-ctor 2-3500

How to Dial

Be sure you have the right number.

Remove the receiver.

LISTEN FOR THE DIAL TONE—a steady humming sound indicating the equipment is ready for your call.

IF YOU DO NOT HEAR THE DIAL TONE WITHIN A REASONABLE TIME, HANG UP, WAIT A FEW SECONDS AND TRY AGAIN.

Dial the number correctly:—In Metropolitan Area it is made up of two letters followed by five figures.

When you hear an intermittent burr-burr-burr sound, the called telephone is ringing.

If you hear a rapid buzz-buzz-buzz sound, the called telephone is busy. Hang up and call later.

If you hear a buzz-buzz—buzz-buzz sound, your hand has slipped in dialing or some other dialing error has occurred. Hang up for a few seconds and begin again, BEING SURE TO LISTEN FOR THE DIAL TONE.

If while dialing, you make a mistake, hang up for a few seconds and begin again, BEING SURE TO LISTEN FOR THE DIAL TONE.

If you need help, dial the opening where the word "Operator" appears.

The calls you dial and those you give to the Operator are shown on the zone card furnished you. Additional copies may be obtained from the Business Office.

If you have a party line or an extension telephone and you do not hear the dial tone when you remove the receiver to make a call, inquire if the line is in use. If there is no response, hang up for a few seconds and begin again. Listen while dialing and if you hear another party come in on the line, inform him that it is in use and request him to hang up his receiver. When he does so, hang up your own receiver for a few seconds and begin again.

"Beep" Tone Tells When Telephone Conversation Is Being Recorded

A short high "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the telephone company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder the signal is no longer heard.

This "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected. Use of a recorder without this signal is unlawful.

Service Difficulties

We realize that difficulties will sometimes occur in spite of our best efforts to avoid them. When they do, we are anxious to correct them promptly and to take steps that will prevent them from happening again. When you wish to report any service difficulty, or to obtain assistance, please follow the directions under "Service Calls" shown in next column.

Business Office Service

Your account is handled by a representative who is anxious to serve you. She will be glad to help you in any service difficulty which has not been taken care of to your satisfaction; she will arrange for changes in your service, answer questions about your bill, and furnish information on other telephone matters.

The business offices are open from 9 to 5 on Monday through Friday (closed Saturday, Sunday and Holidays.) To reach the business office that serves the telephone you are calling from - Dial 811. For other Brooklyn business offices give the operator the appropriate number shown on this page under "Business Office Telephone Numbers". The Operator also will connect you with business offices serving telephones located outside Brooklyn.

The manager will be glad to assist in any matter which you may feel has not been disposed of properly. If you prefer to transact business in person please go to the business office most convenient to you. (See list of Business Office Addresses in next column.)

If outside of the hours shown above an emergency arises which requires the immediate establishment of service, dial Exchange 6-5100 and ask for the Manager.

Bill Payments

Telephone bills are rendered once a month and are due on presentation. Payment within fifteen days will be appreciated. If this is inconvenient, the business office will make every reasonable effort to arrange a more convenient payment date.

When paying by mail, please return the bill stub with check. If the stub has been mislaid, please write your telephone number on the check. If you have mislaid the return envelope, address the business office nearest you. (See list in next column.)

When paying in person please bring the bill to any of the offices or other locations listed on this page.

Your bill covers service charges for one month following its date, and toll calls and additional message units made in the month preceding its date. If you have any question about your bills, just call the Business Office as shown above, and ask for the representative handling your account.

METROPOLITAN AREA TELEPHONE SERVICE

Metropolitan telephone service is furnished in an area comprising New York City, Southern Westchester and most of Nassau County. This area is divided into zones as shown on the map below and charges for calls are based on the zoning.

Completed calls from Brooklyn to points within the area specified are billed for the initial period at the rate of 1 to 6 message units per call depending on the distance between zones. An additional charge applies on calls of more than 5 minutes as shown under overtime charges on the next page. Your monthly local service charge includes an allowance of message-units for outgoing calls. Any message-units in excess of the number allowed appear as a single item on your bill and are charged on a downward sliding scale, starting at 5¢ each.

No charge is made on calls not completed because of a "line busy," a "don't answer" condition or for any other reason. If you get a wrong number, dial the operator and report the matter to her. If you get a "busy" or "don't answer," try the call again in a few minutes.

HOW TO DETERMINE THE NUMBER OF MESSAGE UNITS FOR CALLS FROM BROOKLYN TO POINTS IN THE METROPOLITAN TELEPHONE SERVICE AREA

1 From the table above, determine the zones in which the telephone you are using and the one you are calling are located.

2 From the table below, determine the number of message units which apply on station-to-station calls for the initial period.

MESSAGE UNITS PER CALL FOR THE INITIAL PERIOD FROM NON-COIN TELEPHONES IN BROOKLYN

5 or 6 " "	1 " " " 1 minute " "

COLLECT AND PERSON-TO-PERSON CALLS

Collect and person-to-person calls within the Metropolitan Telephone Service Area are accepted where the station-to-station initial period rate—as shown in the table above—is three or more message units. The charges for such calls are equal to the station-to-station rate at 5 cents per message unit plus an added charge of 10 cents per call. These charges are billed seperately and are not combined with other message units used. Dial 211 for these calls.

Directory Services

Every customer in Brooklyn is given a directory of Brooklyn telephones.

Directories are also available without charge for Manhattan, The Bronx, Queens, Staten Island and suburban points. To give these books to all Brooklyn customers would be an inconvenience to most of you. In cases where they are needed, they are furnished on request.

This directory is and remains the property of the Telephone Company. Please return your old book when a new one is delivered. You will thereby avoid the possibility of calling wrong numbers through reference to an out-of-date directory. If your directory becomes lost or badly worn, the Business Office will replace it.

Directory Listings

If you have a telephone you are entitled to one free listing. If you have more than one telephone line, you are entitled to one free listing for each line up to three. Listings in addition to your free listings may be obtained at a small monthly charge.

When you get a new directory, please check your own listings, and, if incorrect, notify the Business Office at once so that we may adjust our records for the next issue and protect your service in the meantime.

Many telephone users take additional listings so that their telephone numbers will be listed in other places in our directories where people may look for them. They may be secured by calling the Business Office—Dial 811.

The Classified Directory

Every Brooklyn customer is also given a separately bound classified directory printed on yellow pages. It lists all Brooklyn business and professional telephone numbers under suitable headings.

No matter what commodity or service you want, you can generally find in the classified directories someone who can supply it.

Additional listings and advertisements in the classified directory may be arranged for by calling the Business Office—Dial 811.

Personal Number Lists

The quickest, easiest way to get telephone numbers is to have your own personal list. We have two attractive indexed booklets for just this purpose — designed after we had asked thousands of telephone users what kind they would like. For pocket or handbag—2⅜" x 4"—with space for 235 names, addresses, telephone numbers and memoranda. For home or office—4⅛" x 7⅛"—with space for 400 names, addresses and telephone numbers. There is no charge for either booklet. Just call our Business Office—Dial 811.

Information Service

"Information" is for those numbers not in your personal numbers list or that you can't find in the directory.

Here are some special steps we are taking to help you get the numbers you want without calling "Information."

More Directories at busy public telephones and private switchboard extensions. If additional directories are needed, let us know.

Memo Paper at busier public telephones, for jotting down telephone numbers.

Better Directory Arrangements at public telephones.

Improved Listing Arrangements in all telephone directories.

Free Announcement Cards for Subscribers, to notify friends or customers when they have new or changed numbers.

Attractive Booklets for keeping personal number lists. (See above.)

Identification of Employees

Every employee of the Telephone Company authorized to install, inspect, repair or remove the Company's apparatus carries a card showing the Company's name and the employee's number and photograph. Other Telephone employees also carry suitable identification. We suggest that customers refuse access to their premises to anyone who represents himself as from this Company, but who cannot so identify himself.

Telegrams by Telephone

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph Company following instructions shown under the listings of that company in this directory. The telegraph charges will appear on your telephone bill. You may also telephone your telegrams from public telephones, paying as you would for a telephone call.

Time of Day and Weather Forecast Calls

Time of day information—Dial or call ME idian 7-1212
Weather forecast ——— Dial or call WE ather 6-1212

Calls to Overseas Points

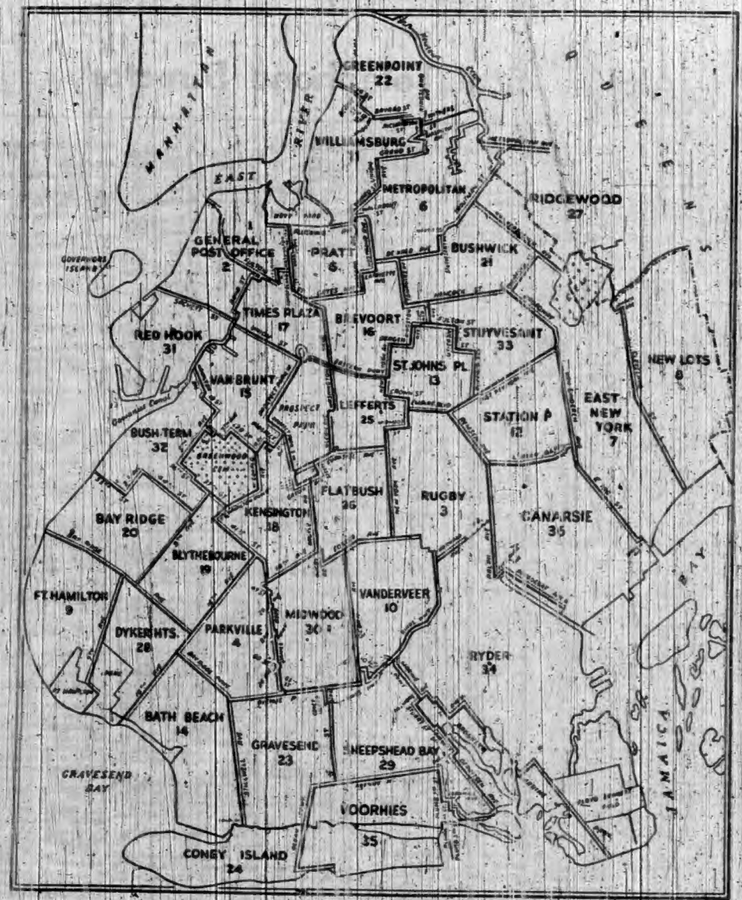
Information on the availability of telephone service to overseas points and the rates applicable thereto may be obtained from the Long Distance Operator (Dial 211).

Some typical week-day rates for a three-minute call are: To Argentina, Australia, Denmark, Italy, the United Kingdom and the U.S.S.R., $12.00; to Columbia, Hawaii and Venezuela, $9.00; to Bahamas, Puerto Rico and Virgin Islands, $7.50; and to Bermuda, $6.00. Reduced rates apply on calls to many countries during certain night hours and on Sunday.

Displaying Telephone Numbers

It will be a convenience to those who call you if you will print your telephone number on advertising material and stationery just as you do your street address.

While we cannot guarantee any number will be permanent, we change no numbers unless the needs of the telephone system make it essential to do so. When a number is changed, we give as much advance notice as possible.



Customer Service Bureau

The Telephone Company maintains a Customer Service Bureau whose sole job is helping business people to make more effective use of their telephone service. Its services are available to you without charge. All you need do is call the Business Office—Dial 811—and ask that a representative call on you.

Attachments to Telephones

The Company does not sanction the use of any devices except those furnished by it. This is in the interest of good service, since many of the devices offered for sale which are claimed to improve the service actually interfere with the service. Where ordinary equipment does not meet any particular need, the Company is ready to furnish special equipment at reasonable rates.

BROOKLYN POST OFFICE
ZONE NUMBERS

Mail matter is not completely addressed unless the zone number forms a part of the address. The zone number must follow "Brooklyn" and precede "N. Y." as follows:

Mr. John Doe
100 Court St.
Brooklyn 2, N. Y.

Do not guess at the zone number. Ask your own postman or call the telephone number shown below and let us supply the correct number for each person on your mailing list. There is no charge for this service. For additional instruction see "Aids to Proper Mailing" on page 4 of the Classified Directory.

Leave A Note . . .

When you're going to be away from your desk, it's a good idea to leave word with a co-worker or with the switchboard operator where you can be reached and when you will return.

"BUZZ-BUZZ-BUZZ"

THE BUSY SIGNAL..

When you get the busy signal—a buzz, buzz, buzz—you know the line you want is in use. So hang up promptly—and try it again a little while later. No charge on "busy signal" calls.
